Letters to a Young Poet Rainer Maria Rilke 2021-04-14
Essential reading for scholars, poetry lovers, and anyone with an interest in Rainer Maria Rilke, German poetry, or the creative impulse, these ten letters of correspondence between Rilke and a young aspiring poet reveal elements from the inner workings of his own poetic identity. The letters coincided with an important stage of his artistic development and readers can trace many of the themes that later emerge in his best works to these messages—Rilke himself stated these letters contained part of his creative genius.

The Notebooks of Malte Laurids Brigge Rainer Maria Rilke 2011-04-06 This is the definitive, widely acclaimed translation of the major prose work of one of our century's greatest poets -- "a masterpiece like no other" (Elizabeth Hardwick) -- Rilke's only novel, extraordinary for its structural uniqueness and purity of language. First published in 1910, it has proven to be one of the most influential and enduring works of fiction of our century. Malte Laurids Brigge is a young Danish nobleman and poet living in Paris. Obsessed with death and with the reality that lurks behind appearances, Brigge muses on his family and their history and on the teeming, alien life of the city. Many of the themes and images that occur in Rilke's poetry can also be found in the novel, prefiguring the modernist movement in its self-awareness and imagistic immediacy.

Ted Hughes: New Selected Poems Neil Roberts 2007-01-01 This book (also available in paperback from Troubadour) open with a section on Hughes's life, including an authoritative treatment of the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation, followed by a review of Hughes's artistic strategies, his poetic language, and influences on his work, including his openness to mythology and the poets of Eastern Europe. The body of the book offers an approach to reading New Selected Poems (1995), taking in turn each of the remarkable and remarkably varied works from which the poems were selected - The Hawk in the Rain, Lupercal, Wodwo, Crow, Cave Birds, Season Songs, Gaudete, Remains of Elmet, Moortown Diary, River and Wolfwatching. It concludes with a review of Hughes's reception, and a six-page bibliography.

Letters to a Young Poet Rainer Maria Rilke 1993-09-17 Rilke's timeless letters about poetry, sensitive observation, and the complicated workings of the human heart. Born in 1875, the great German lyric poet Rainer Maria Rilke published his first collection of poems in 1898 and went on to become renowned for his delicate depiction of the workings of the human heart. Drawn by some sympathetic note in his poems, young people often wrote to Rilke with their problems and hopes. From 1903 to 1908 Rilke wrote a series of remarkable responses to a young, would-be poet on poetry and on surviving as a sensitive observer in a harsh world. Those letters, still a fresh source of inspiration and insight, are accompanied here by a chronicle of Rilke's life that shows what he was experiencing in his own relationship to life and work when he wrote them.

Honorable Business James R. Otteson 2019-01-30 Business has a bad name for many people. It is easy to point to unethical and damaging behavior by companies. And it may seem straightforward to blame either individuals or,
more generally, ruthless markets and amoral commercial society. In Honorable Business, James R. Otteson argues that business activity can be valuable in itself. The primary purpose of honorable businesses is to create value-for all parties. They look for mutually voluntary and mutually beneficial transactions, so that all sides of any exchange benefit, leading to increasing prosperity not just for one person or for one group at the expense of others but simultaneously for everyone involved. Done correctly, honorable business is a positive-sum activity that can enable flourishing for individuals and prosperity for society. Otteson connects honorable business with the political, economic, and cultural institutions that contribute to a just and humane society. He builds on Aristotle's conception of human beings as purposive creatures who are capable of constructing a plan for their lives that gives them a chance of achieving the highest good for humanity, focusing on autonomy and accountability, as well as good moral judgment. This good judgment can enable us to answer the why of what we do, not just the how. He also draws on Adam Smith's moral philosophy and political economy, and argues that Smithian institutions have played a significant role in the remarkable increase in worldwide prosperity we have seen over the last two hundred years. Otteson offers a pragmatic Code of Business Ethics, linked to a specific conception of professionalism, and defends this Code on the basis of a moral mandate to use one's limited resources of time, talent, and treasure to provide value for oneself only by simultaneously providing value to others. The result is well-articulated parameters within which business can be an acceptable-perhaps even praiseworthy-activity.

Appropriations of Literary Modernism in Media Art

Jordis Lau 2021-12-06 By analyzing appropriations of literary modernism in video, experimental film, and installation art, this study investigates works of media art as agents of cultural memory. While research recognizes film and literature as media of memory, it often overlooks media art. Adaptation studies, art history, and hermeneutics help understand ‘appropriation’ in art in terms of a dialog between an artwork, a text, and their contexts. The Russian Formalist notion of estrangement, together with new concepts from literary, film, and media studies, offers a new perspective on ‘appropriation’ that illuminates the sensuous dimension of cultural memory. Media artworks make memory palpable: they address the collective body memory of their viewers, prompting them to reflect on the past and embody new ways of remembering. Five contextual close-readings analyze artworks by Janis Crystal Lipzin, William Kentridge, Mark Aerial Waller, Paweł Wojtasik, and Tom Kalin. They appropriate modernist texts by Gertrude Stein, Italo Svevo, Louis-Ferdinand Céline, Guillaume Apollinaire, Virginia Woolf, and Robert Musil. This book will be of value to readers interested in cultural memory, sensory studies, literary modernism, adaptation studies, and art history.

**Around the World in 80 Books** David Damrosch 2021-11-16 A transporting and illuminating voyage around the globe, through classic and modern literary works that are in conversation with one another and with the world around them. *Featured in the Chicago Tribune's Great 2021 Fall Book Preview * One of Smithsonian Magazine's Ten Best Books About Travel of 2021* Inspired by Jules Verne’s hero Phileas Fogg, David Damrosch, chair of Harvard University’s department of comparative literature and founder of Harvard’s Institute for World Literature, set out to counter a pandemic’s restrictions on travel by exploring eighty exceptional books from around the globe. Following a literary itinerary from London to Venice, Tehran and points beyond, and via authors from Woolf and Dante to Nobel Prize–winners Orhan Pamuk, Wole Soyinka, Mo Yan, and Olga Tokarczuk, he explores how these works have shaped our idea of the world, and the ways in which the world bleeds into literature. To chart the expansive landscape of world literature today, Damrosch explores how writers live in two very different worlds: the world of their personal experience and the world of books that have enabled great writers to give shape and meaning to their lives. In his literary cartography, Damrosch includes compelling contemporary works as well as perennial classics, hard-bitten crime fiction as well as haunting works of fantasy, and the formative tales that introduce us as children to the world we’re entering. Taken together, these eighty titles offer us fresh perspective on enduring problems, from the social consequences of epidemics to the rising inequality that Thomas More designed Utopia to combat, as well as the patriarchal structures within and against which many of these books’ heroines have to struggle—from the work of Murasaki Shikibu a millennium ago to Margaret Atwood today. Around the World in 80 Books is a global invitation to look beyond ourselves and our surroundings, and to see our world and its

Graphic Novels and Comics as World Literature James Hodapp 2022-04-07 Graphic narratives are one of the world's great art forms, but graphic novels and comics from Europe and the United States dominate scholarly conversations about them. Building upon the little extant scholarship on graphic narratives from the Global South, this collection moves beyond a narrow Western approach to this quickly expanding field. By focusing on texts from the Middle East, Africa, Latin America, and Asia, these essays expand the study of graphic narratives to a global scale. Graphic Novels and Comics as World Literature is also interested in how these texts engage with, fit in with, or complicate notions of World Literature. The larger theoretical framework of World Literature is joined with the postcolonial, decolonial, Global South, and similar approaches that
argue explicitly or implicitly for the viability of non-Western graphic narratives on their own terms. Ultimately, this collection explores the ways that the unique formal qualities of graphic narratives from the Global South intersect with issues facing the study of international literatures, such as translation, commodification, circulation, Orientalism, and many others.

**Animals, Machines, and AI** Erika Quinn 2021-11-08 Sentient animals, machines, and robots abound in German literature and culture, but there has been surprisingly limited scholarship on non-human life forms in German studies. This volume extends interdisciplinary research in emotion studies to examine non-humans and the affective relationships between humans and non-humans in modern German cultural history. In recent years, fascination with emotions, developments in robotics, and the burgeoning of animal studies in and beyond the academy have given rise to questions about the nature of humanity. Using sources from the life sciences, literature, visual art, poetry, philosophy, and photography, this collection interrogates not animal or machine emotions per se, but rather uses animals and machines as lenses through which to investigate human emotions and the affective entanglements between humans and non-humans. The COVID-19 pandemic made us more keenly aware of the importance of both animals and new technologies in our daily lives, and this volume ultimately sheds light on the centrality of non-humans in the human emotional world and the possibilities that relationships with non-humans offer for enriching that world.

**The Tact of Teaching** Max van Manen 2015-07-31 In The Tact of Teaching bestselling author Max van Manen offers teachers at every stage an original and inspiring interpretation of the notion of pedagogy, one that searches for its roots in the experience of in loco parentis. Using dozens of anecdotes and scenes taken directly from life in classrooms, including many from the often-neglected domain of high school, The Tact of Teaching explicates the meaning of pedagogical moments, the conditions of pedagogy, the relation between pedagogy and politics, the nature of pedagogical experience, and the practical forms of pedagogical understanding. The author: -Presents experiential analysis of the relation between pedagogical reflection and action -Explores how pedagogical tact manifests itself, what tact accomplishes, and how tact does what it does -Speaks of hope and humane practice in an era of
schooling often given over to mindless technocracy or fashionable despair

Selected Poems of Rilke

Rainer Maria Rilke 2001-05-22
Selected from 'Das Buch der Bilder' and the two parts of 'Neue Gedichte,' these poems were written in his less mystical period (1900-1908). The poems show Rilke's deep concern with sculpture and painting and exhibit his particular artistic and poetic power. One of Germany's most important poets, Rilke's poetry is innovative, enigmatic, and entertainingly idiosyncratic. C.F. MacIntyre's translations are both true to the original and poetic in their own right--From publisher description.

Collected Poems: 1950-2012

Adrienne Rich 2016-06-21 The collected works of Adrienne Rich, whose poetry is "distinguished by an unswerving progressive vision and a dazzling, empathic ferocity" (New York Times). A Finalist for the 2017 Pulitzer Prize in Poetry. Adrienne Rich was the singular voice of her generation and one of our most important American poets. She brought discussions of gender, race, and class to the forefront of poetical discourse, pushing formal boundaries and consistently examining both self and society. This collected volume traces the evolution of her poetry, from her earliest work, which was formally exact and decorous, to her later work, which became increasingly radical in both its free-verse form and feminist and political content. The entire body of her poetry is on display in this vast volume, including the National Book Award–winning Diving Into the Wreck and her prize-winning Atlas of the Difficult World. The Collected Poems of Adrienne Rich gathers and memorializes all of her boldly political, formally ambitious, thoughtful, and lucid work, the whole of which makes her one of the most prolific and influential poets of our time.

Rilke in Paris

Rainer Maria Rilke 2019-06-25
Rainer Maria Rilke offers a compelling portrait of Parisian life, art, and culture at the beginning of the 20th century. In 1902, the young German writer Rainer Maria Rilke traveled to Paris to write a monograph on the sculptor Auguste Rodin. He returned many times over the course of his life, by turns inspired and appalled by the city's high culture and low society, and his writings give a fascinating insight into Parisian art and culture in the last century. Paris was a lifelong source of inspiration for Rilke. Perhaps most significantly, the letters he wrote about it formed the
basis of his prose masterpiece, The Notebooks of Malte Laurids Brigge. Much of this work, despite its perennial popularity in French, German, and Italian, has never before been translated into English. This volume brings together a translation of Rilke's essay on poetry, 'Notes on the Melody of Things' and the first English translation of Rilke's experiences in Paris as observed by his French translator.

**The Figure of the Animal in Modern and Contemporary Poetry**

Michael Malay 2018-06-05

This book argues that there are deep connections between ‘poetic’ thinking and the sensitive recognition of creaturely others. It explores this proposition in relation to four poets: Marianne Moore, Elizabeth Bishop, Ted Hughes, and Les Murray. Through a series of close readings, and by paying close attention to issues of sound, rhythm, simile, metaphor, and image, it explores how poetry cultivates a special openness towards animal others. The thinking behind this book is inspired by J. M. Coetzee’s The Lives of Animals. In particular, it takes up that book’s suggestion that poetry invites us to relate to animals in an open-ended and sympathetic manner. Poets, according to Elizabeth Costello, the book’s protagonist, ‘return the living, electric being to language’, and, doing so, compel us to open our hearts towards animals and the claims they make upon us. There are special affinities, for her, between the music of poetry and the recognition of others. But what might it mean to say that poets to return life to language? And why might this have any bearing on our relationship with animals? Beyond offering many suggestive starting points, Elizabeth Costello says very little about the nature of poetry’s special relationship with the animal; one aim of this study, then, is to ask of what this relationship consists, not least by examining the various ways poets have bodied forth animals in language.

The Oxford Handbook of Dance and Wellbeing

Vicky Karkou 2017-08-04

In recent years, a growth in dance and wellbeing scholarship has resulted in new ways of thinking that place the body, movement, and dance in a central place with renewed significance for wellbeing. The Oxford Handbook of Dance and Wellbeing examines dance and related movement practices from the perspectives of neuroscience and health, community and education, and psychology and sociology to contribute towards an understanding of wellbeing, offer new insights into existing practices, and create a space where sufficient exchange is enabled. The handbook’s research components include quantitative, qualitative, and arts-based research, covering diverse discourses, methodologies, and perspectives that add to the development of a complete picture of the topic. Throughout the handbook's wide-ranging chapters, the objective observations, felt experiences, and artistic explorations of practitioners interact with and are printed alongside academic chapters to establish an egalitarian and impactful exchange of ideas.

You Must Change Your Life: The Story of Rainer Maria Rilke and Auguste Rodin

Rachel Corbett 2016-09-06

Winner of the 2016 Marfield Prize

In 1902, Rainer Maria Rilke—then a struggling poet in Germany—went to Paris to...
research and write a short book about the sculptor Auguste Rodin. The two were almost polar opposites: Rilke in his twenties, delicate and unknown; Rodin in his sixties, carnal and revered. Yet they fell into an instantaneous friendship. Transporting readers to early twentieth-century Paris, Rachel Corbett’s You Must Change Your Life is a vibrant portrait of Rilke and Rodin and their circle, revealing how deeply Rodin’s ideas about art and creativity influenced Rilke’s classic Letters to a Young Poet. The Quiet Storms of Rainer Maria Rilke: 36 Poems Terrance Lane Millet 2019-06-05 Rilke’s quiet poems contain exceptional pent-up energy that encompasses the immediacy, wonder, and breathlessness with which the poet experienced life. His unique, spiritual connection with the world, so easily lost in a formal or literal translation, is opened up in these fresh interpretations from Terrance Lane Millet. The English versions of Rilke’s poems are very loose translations from the German. An epiphany-like view of the world and the elements in it, more than the form of the poems themselves, seems to be the essence of Rilke. The poet is laid bare, and Millet’s fresh use of convention reveals Rilke’s openness to the mystery of experience. The poems in this collection explore Rilke’s sense that out of darkness may come light and wonder; from turbulence, peace and integration; and that understanding can come through embracing what we do not understand. A certain, indefinable something hovers just out of eyeshot, as the things we fear may be little more than unexplored aspects of ourselves. The Poetry of Rilke Rainer Maria Rilke 2014-06-03 For the past twenty-five years, North Point Press has been working with Edward Snow, “Rilke’s best contemporary translator” (Brian Phillips, The New Republic), to bring into English Rilke's major poetic works. The Poetry of Rilke—the single most comprehensive volume of Rilke's German poetry ever to be published in English—is the culmination of this effort. With more than two hundred and fifty selected poems by Rilke, including complete translations of the Sonnets to Orpheus and the Duino Elegies, The Poetry of Rilke spans the arc of Rilke's work, from the breakthrough poems of The Book of Hours to the visionary masterpieces written only weeks before his death. This landmark bilingual edition also contains all of Snow's commentaries on Rilke, as well as an important new introduction by the award-winning poet Adam Zagajewski. The Poetry of Rilke will stand as the authoritative single-volume translation of Rilke into English for years to come.
